

District Family Win A Big One

At lower left in the above picture the family of Master Farmer, Mr. and Mrs. J. McCulloch of the Didsbury district are shown. Standing left to right are: daughter-in-law, Mrs. Arnold McCulloch; daughters Annie, at home, and Lila, who is employed at Jasper, and son-in-law, Howard Krebs. Seated are son Arnold, Mrs. McCulloch, Mr. McCulloch, and daughter, Mrs.

Lora Krebs. Seven grandchildren are also shown. In the lower right Mrs. McCulloch proudly shows a pan of fresh-baked puns to daughter Lila. The well designed kitchen of the McCulloch home boasts very modern convenience. At the upper right Mr. McCulloch, who operate the 21st section farm on a partnership

basis, examine part of a herd of Hereford beef cattle. "Midway Farms" have 1,245 acres under cultivation. They market more than 100 hogs each year. Going to the upper left we see a well designed farmstead graced by two modern homes. The home on the right is occupied by Arnold and his family, and was almost entirely built and finished by the young

couple. The farm is electrified, boasts a modern water pressure system and a completely equipped storage garage and repair shop. Due to late arrival of details, as regards the above award, The Pioneer must hold off until its next issue, when many of the important moves made by the McCulloch family will appear in print. — Alta. Govt. Photo

Town Election Wednesday

Wednesday will be election day in Didsbury and many other communities throughout the province. In this locale there is no contest for either hospital board or school board seats; all available were filled by acclamation. However the town council presents a different picture. With only two vacancies, there are five in the running, namely:

Robert Bankier, physician; Lorraine Bey, trucking proprietor; Wilfred Metz, laborer; Elmer Pieper, farmer; George Wilkins, dairyman. Those eligible to vote on the 15th of October include any property owner; anyone over the age of 21 who has resided in Didsbury since November 1st, 1957; must be a British or Canadian citizen. Ballots must be marked with an "X" opposite the two candidates of your choice.

RUGBY W.I. PLAN TURKEY SUPPER

The regular monthly meeting of Rugby W.I. was held at the home of Mrs. Bert Smith with 11 members and two visitors present. Roll call was answered with "a picture of when I was young." A committee was chosen to make final arrangements for the turkey supper scheduled for Rugby hall on October 29th. Admission will be, \$1.00, 6 to 12 years 50c, under six years free. Highlight of the evening was a demonstration on copper tooling, given by Mrs. M. Kimmett. Mrs. Howard Krebs, handicraft convener, arranged the demonstration.

MELVIN NOTES

Mrs. M. McRae returned home last week after a stay of more than two weeks in the local hospital. Murray's mother, from Pincher Creek, helped out during that time. She left Saturday to return home. Friends are all glad to see Mrs. McRae so much improved. Mrs. George Youngs spent the weekend visiting with Miss Emily Moyle. Miss Wendy Anderson was a weekend visitor with Nola Youngs. Mr. and Mrs. Ross Youngs and family were Sunday dinner guests of Mr. and Mrs. R. Dubois and family at Cremona. Most of the threshing and combining in the district has been completed, only a few stands remain to be finished.

HOME & SCHOOL HEAR GUEST SPEAKER

A regular meeting of the Didsbury Home and School Association was held on Monday, October 6th, in the school auditorium. Mrs. H. Traub was elected as delegate to the Banff Workshop.

Highlight of the evening was a talk given by the guest speaker, Mrs. Edna Clark, of the provincial executive. She spoke on the subject, "Understanding Our Child." The school banner was won by Mrs. Dawson's room. Next meeting will be held on Tuesday, November 11th.

MOUNTAIN VIEW

Mr. and Mrs. Herschel Fry and family left Friday to make their home at Brantford, Ont. Mr. Fry intends to complete his final year of university at Toronto. F/O Robert Kellogg, son of Mr. and Mrs. Stanley Kellogg, is home on a month's leave after completing his training as a navigator. It is expected he will be posted to Germany.

Mr. W. Snyder was a Sunday guest of Mr. and Mrs. Lloyd Snyder and family of Carstairs, where Mr. and Mrs. David Heyer of Victoria, B.C., are visiting their son-in-law and daughter.

Miss Marlene Miller of Calgary visited her parents, Mr. and Mrs. E. T. Miller at the weekend.

Mr. and Mrs. Art Gebers motored to Calgary Saturday to see Mrs. Gebers' aunt, Mrs. Anna Kjos, who was leaving for Vancouver.

Mrs. Eric Atkinson and children are visiting her parents, Mr. and Mrs. Smith in Calgary.

Mr. and Mrs. McKinnon of Kinross are visiting relatives in Didsbury and Olds, where they were Saturday guests at the home of Mr. and Mrs. Doug Gooding.

Mr. and Mrs. Doug Gooding and family were Sunday supper guests of Mr. and Mrs. Charles Snyder and family.

Mr. and Mrs. Eric Gooding and family were Sunday visitors with Mr. Frank Gooding and Art.

Scouts and Cubs Apple Day Saturday

The First and Second Didsbury Boy Scout Troops and the 1st Didsbury Cub Pack, are combining operations on Saturday for the annual Scout "apple day."

Boys will begin street sales and house-to-house canvass at 9 a.m. and will continue throughout the day. Money raised from projects such as this is used by the boys for necessary equipment and other needs. Do your "good deed" Saturday and support the Scout Apple Day.

VANDALS MOVE IN ON MEMORIAL ARENA

Vandals have been working on the waiting room of the Memorial Centre and heavy damage done to the concession spot in the arena, which is usually taken care of by the local branch of the I.O.D.E. The ladies of the above organization, have repaired the damage and now just wish that they could get their tired wrists on the back end of those that were responsible for this unwarranted attack on a silent center.

Should they be found were quite sure they won't be buying hot dogs across the same counter next year.

ZELLA NEWS NOTES

(From Our Own Correspondent)

Mr. and Mrs. Cliff Reid of Camrose, Alice, Edna and Ed Aker, of Bawlf, and Mrs. Don Reid and son of Calgary, were Sunday supper guests of Mr. and Mrs. A. Oppen.

Mr. and Mrs. Vic Snyder and family of Sundre were Sunday visitors at the home of Mr. and Mrs. W. Jahne.

Mr. and Mrs. E. Waldruff had as their Sunday dinner guests, Mr. and Mrs. Bill Mewha of Markerville.

The annual fall bazaar of the Zella W.I. has been set for Friday, November 29th.

Rev. K. Wood and the Zella congregation invite you to join with them for Sunday school at 9:45 a.m. and Thanksgiving service to follow at 10:30 a.m. on Sunday, October 12th.

SOCREDS PLAN CONSTITUENCY CONVENTION

At a federal executive meeting held recently in Red Deer, a decision was made to hold the annual federal Social Credit constituency convention in Red Deer on October 15th, at 2:30 p.m. in the Masonic hall.

At this meeting resolutions will be considered pertaining to federal matters and will be dealt with. Election of officers will be held and other business will come under the hammer.

A special guest speaker is being arranged.

Subscription Note:

A red line under your name means your subscription is overdue.

A blue line means your subscription is coming due next month. Please pay out of town subscriptions by money order.

Give Thanks ...

"God walked all over my place." These words may well describe our feeling as we prepare to celebrate our national day of thanksgiving. Once again we have seen the fulfillment of the words of the Psalmist: "Thou crownest the year with goodness, and Thy paths drop fatness. The pastures are clothed with flock; the valleys also are covered over with corn; they shout for joy, they also sing."

As a farming community we have this year seen God's footsteps in the fields of waving grain. The rains came, when needed. His Hand covered us against hail and frost. A beautiful fall has given everyone ample opportunity that "all be safely gathered in ere the winter storms begin."

As citizens of our beloved Canada, we also can thank His footsteps over our country. We have enjoyed peace. No great calamity, flood or fire, nor epidemic, has ravaged our people. In all walks and ages of life His blessings have abounded.

And, now let us also turn our footsteps to His House and raise our hearts and voices unto Him, the Giver of all good things.

Therefore unto Him we raise Hymns of glory, songs of praise To the Father and the Son And the Spirit, Three in One, Honor, might, and glory be Now and through eternity.

FALKS HOLD FAMILY GATHERING

Mr. and Mrs. Wm. Falk, of Victoria, B.C., entertained their family here, to a delicious turkey dinner last Friday evening at the Wilmer Rest home. The table was beautifully decorated and laden with all the good things one could wish for.

Following the dinner, Mr. Falk Sr. expressed his appreciation to the members of the family present, after which some of the grandchildren sang a few numbers.

The family thanked Mr. and Mrs. Falk for the splendid time. Those present included: Mr. and Mrs. Len Falk and Connie, Mr. and Mrs. Clarence Wall and daughters, Audrey, Melanie and Beryl, all of Didsbury; Larry Falk, a grandson; and Merle, accompanied by his fiancée, Miss Faith Netter, all of Calgary.

IMPORTANT CURLING MEETING COMING UP

There will be a joint meeting of the men's and ladies' section of the Didsbury Curling Club on Thursday (today), at 8 p.m. in the arena. Artificial ice and other matters will be discussed. All curlers and other interested people are urged to attend.

SPRINGSIDE NOTES

(From Our Own Correspondent)

The next meeting of the Springside group will be held this Thursday, October 9th, at the home of Mrs. Bill Collinge.

Mr. and Mrs. Clarence Roeth and Mr. and Mrs. Lawrence Chandler enjoyed a picnic dinner at the Red Deer Ranger station last Sunday.

Mr. and Mrs. Art Taylor, Maxine and Valerie of Acme and Mr. and Mrs. Bill Collinge and Wayne spent Sunday in Banff.

Mr. and Mrs. Verne Wrigglesworth visited at the Art Chamberlain and Lloyd Kershaw homes on Sunday.

A bull moose was seen wandering around Verne Wrigglesworth's and neighboring farms last Monday.

Miss Judy Rodney of Calgary and Mr. and Mrs. Ed Rodger visited Mr. and Mrs. Bill Collinge Monday evening.

The Springside community wish Mrs. Russell Gillrie a speedy recovery.

BULL MOOSE SIGHTED NEAR TOWN

Verne Wrigglesworth, who farms just three miles north of Didsbury, spotted a bull moose grazing on his farm Monday morning, and at last report the moose was on the loose.

Fish Pond ???

At a regular meeting of the Didsbury council, a permit was granted to the Didsbury Fish and Game Association to establish a fish pond in the northeast part of town.

At the same meeting it was decided to hold the tax sale this year on December 29th.

Hail Suppressionists Report

"I feel confident that in our lifetime we will see the elimination of hail as the curse of Alberta farmers," says Lloyd McSorley, manager of W.R.D.C. Modification Corporation Limited. W.R.D.C. is the weather modification firm that this year contracted approximately 750,000 acres of central Alberta farmland under their suppression program. The area included parts of the municipal districts of Kneehill and Rockyview, as well as the city of Calgary. Mr. McSorley said that W.R.D.C. is extremely gratified with the apparent results of this year's hail suppression program. It is believed by company officials that no individual farmer, in the hail suppression area was completely hauled out in 1958. For the third straight year, of hail suppression operations, no wide track or hail damage has swept through the project. In general, hail damage in 1958 was spotty and light with not more than about 1 per cent of the area damaged.

Reports of hail damage have been received by W.R.D.C. from the following localities in the protected area on June 22, along the eastern border of the Kneehill project.

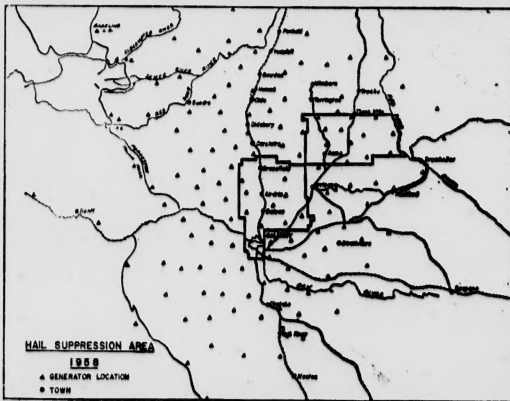

On July 3, in several sections of land in the Aldrie and Balzac districts. On July 12, a small area in the Kneehill district, around Sunnyside. On August 11, several sections of land in the Rockyview district, around the towns of Kenna, Delcourt, and Dalroy. And on September 17, minor damage in the Kneehill area around the towns of Three Hills and Carbon. The 1958 hail suppression program was in effect from 12 o'clock noon of June 1st, 1958 to 12 o'clock noon on September 25, 1958.

The W.R.D.C. staff was headed by the manager, W. Lloyd McSorley of Calgary, and was composed of assistant manager W. R. Connor of Didsbury who also acted as the capacity of field technician, 2 experienced meteorologists, 2 aircraft pilots, 2 additional field technicians and 2 office secretaries. A total of 140 silver iodide generators were placed in and around the protected area. These generators operated on 75 of 97 days of the contracted period, and for a total of 9325 hours and 40 minutes. The two aircraft operated either by distributing silver iodide or for reconnaissance, on 72 or 97 days.

"Despite the fact that this year's area was smaller than last year, almost as many generators were used this year giving better protection," McSorley added. He noted that the operations this year had also had the services of forest ranger look out tower personnel to report on the weather conditions in the mountains. Another addition to the W.R.D.C. operations this year was the establishment of a chemical plant for the manufacture of the material used in seeding clouds for hail suppression.

Representatives of the protected areas are very enthusiastic about the results of the program. Alex Munro, City of Calgary Parks Superintendent, said he was sure that had the city not been under contract for hail suppression, many of the fine gardens and flower beds would have been destroyed.

McSorley concluded by saying that each year, as operational data grows, W.R.D.C. endeavors to make improvements in their techniques of hail suppression. Further improvements and facilities will be used in contract awards for next year, he said.

YOU CAN AFFORD TO FORGET — IMPERIAL CAN'T

... because four generations of Canadians
have come to depend on Imperial products
on the road, on the farm, in the home

Imperial started supplying Canadians with oil
products in the very early days of the industry in
Canada ... in fact, 1880 was the year it made its
start in this business.

In most areas of Canada, it was an Imperial refinery
which first began making oil products locally.

Imperial pioneered, too, in supplying Canadians
with products when and where they were needed.
(As far back as 1907, Imperial opened the first service
station in Canada ... and perhaps in the world.)

Today, as over the past 78 years, Imperial recognizes
its responsibility to bring Canadians the most
modern of oil products at the lowest possible price.

NOTICE PREPARATION OF ASSESSMENT ROLL — 1958 — MUNICIPAL DISTRICT OF MOUNTAIN VIEW, No. 49 PROVINCE OF ALBERTA

NOTICE is hereby given that the
assessment roll of the said Munici-
pality made under the provisions
of the Assessment Act, has been
prepared and will for thirty days
be open to inspection at the office
of the Secretary-Treasurer of the
Municipality during business hours
on every day not a public holiday,
and that any person who desires to
object to the entry upon his name or
that of any other person upon the
said roll, or to the assessment of
any property, or to the assessed
value placed upon any property
must within thirty days from the
date of this notice lodge his com-
plaint in writing with the Secre-
tary-Treasurer of the Municipality.
DATED at Didsbury, this 7th day
of October 1958.

J. RIDDOCH,
Secretary-Treasurer. 1tc

PUBLIC NOTICE By The Board of Trustees of the OLDS SCHOOL DIVISION No. 31 OF THE PROVINCE OF ALBERTA

WHEREAS it is deemed expedient
by the Board of Trustees of the
Olds School Division No. 31 of
the Province of Alberta, that the
sum of \$835,000.00 should be bor-
rowed on the security of the said
division by the issue of debentures
repayable to the bearer in twenty-
five equal consecutive annual in-
stalments with interest at the rate
of not more than six per centum
per annum for the following pur-
poses, namely:

Construction of a school of 12
classrooms, gymnasium, laboratory
and home economics classroom at
Sundre. Construction of a school
of 12 classrooms and gymnasium
at Olds. Construction of additions
of four rooms at Didsbury; of four
rooms at Cremona; and of eight
rooms and a shop at Carstairs.
Also for sites at Cremona, Car-
stairs, Sundre, and Didsbury, and
for furnishings.

THEREFORE, notice is hereby
given by the Board of the said
School Division that unless a poll
of the proprietary electors of the
said School Division for and
against the said debenture loan is
demanded as provided by The
School Act, the said Board will ap-
ply to the Board of Public Utility
Commissioners for authority to
borrow the said sum by debentures.
Of which all persons interested
are hereby notified, and they are
required to govern themselves ac-
cordingly.

Thomas Morris, Chairman

Dated at Didsbury, Alberta, this
7th day of October, 1958.

INSTRUCTIONS TO PROPRIETARY ELECTORS IN A SCHOOL DIVISION

A poll may be demanded in a
School Division by a demand signed
by five proprietary electors of each
of at least twenty per cent of the
districts in the division.

Every demand for a poll must be
delivered to the Secretary of the
Division or, in his absence, to the
Chairman of the Board of Trustees
within fifteen days after the date of
posting or of the last publication in
a newspaper of this notice. A cer-
tified copy of the demand must be
forwarded forthwith to the Board
of Public Utility Commissioners of
Alberta at Edmonton.

"Proprietary elector" means an
elector who is liable to assessment
and taxation for school purposes in
respect of any property situate in
the School Division. 39-2tc

NOTICE OF POLL TOWN OF DIDSBURY MUNICIPAL ELECTIONS 1958

PUBLIC NOTICE is hereby given
that an election will be held for the
office of councillors of the Town
of Didsbury, and that the polling
will take place on the 15th day of
October, 1958, from ten o'clock in
the forenoon until seven o'clock in
the afternoon at the following
place — Town Office — and that
I will at the Town Office on the
15th day of October, 1958, at seven
o'clock p.m., sum up the votes and
declare the result of the election.
Given under my hand at Dids-
bury this 29th day of September,
1958.

Stauffer-Nelson Nuptials Held

Mr. and Mrs. CLIFFORD PAUL STAUFFER

The Calvary Tabernacle, Lacombe, was the scene of a very pretty fall wedding on September 10 when Alice Lela, youngest daughter of Mr. and Mrs. Albert Nelson of Lacombe, and Mr. Clifford Stauffer, son of Mr. and Mrs. Lloyd Stauffer of Didsbury, were united in marriage.

Before an altar banked with gladioli, Rev. Don Taylor, president of Mountain View Bible College, performed the double-ring ceremony. He was assisted by Rev. W. Annett of Didsbury.

Given in marriage by her parents, the bride looked lovely in a full-length gown of lace and net over satin. The matching jacket buttoned to a collar beaded with rhinestone pearls and terminated in lily-point sleeves.

Her fingertip veil was caught up in a band of daisies and centred with aquinas. She carried a cascade of sweetheart roses and lily of the valley.

The groom's gift to the bride was a lovely gold locket, while the bride's gift to the groom was a tie clip and cuff link set.

Preceding the bride up the aisle was Mrs. J. Johansen of Olds sister of the bride, as matron of honor, and Miss Virginia Schnell and Miss Lillian Stauffer, sister of the groom, as bridesmaids.

Mrs. Johansen wore a full-length gown in a copper tone, while the bridesmaids wore green and yellow respectively. Each wore a matching headpiece and carried a bouquet of bronze and yellow mums.

Miss Christine Keeton, cousin of the bride, as the flower girl, wore yellow and carried a basket of white mums. Lyle Stauffer, a brother of the groom, was ring-bearer, and David Johansen, nephew of the bride, carried the mar-

riage ceremony book.

The groom was attended by his brother, Mr. Virgil Stauffer. The guests were ushered by Mr. Willard Stauffer, brother of the groom and Mr. Carl Primus, cousin of the bride.

Before the ceremony, Miss Mary Johansen of Olds sang "Because." While the couple knelt after the ceremony, Miss Johansen sang "A Wedding Prayer." During the signing of the register, the groom's brother, Ray Stauffer, sang "The Lord's Prayer." Miss Mariene Sharmann of Calgary played the wedding music.

The bride's mother chose a variegated blue silk dress with white accessories and a corsage of red carnations.

The groom's mother wore a rust crepe dress with white accessories and a corsage of yellow carnations.

A reception for 100 guests was held at the Lacombe memorial centre. The bride's table was centred with a three-tier wedding cake, flanked by tall white tapers.

Miss Alice Carruthers, Miss Helen Schnell and Mr. Ian Stauffer rendered solos during the reception. Mr. Wallace Bower, uncle of the groom, was master of ceremonies. Rev. Ken Kennedy proposed the toast to the bride. Mrs. Milton Crouse was in charge of the guest book.

For going away, the bride chose a navy blue suit with pink and white accessories and wore a corsage of pink roses.

After a short honeymoon at Banff and Radium, the happy couple will reside in Didsbury.

Out-of-town guests were from Edmonton, Calgary, Didsbury, Olds, Golden, B.C., Galahad, Sundre, Englewood, Westlock, Aird and Rimbey.

...so both are building up bank accounts

Nowadays, practically everybody has a bank account.

Last year alone, forward-looking Canadians opened 450,000 new deposit accounts in the chartered banks—almost as many as the increase in population.

The owners of today's 11 million accounts

know a bank is the safe, convenient, pleasant place to build up funds for every need and purpose.

They know, too, that in a chartered bank you deal with skilled, friendly people, ready to help with all your banking.

Ramblin'

and

Roamin'

Just For The Record . . .

'Twas just a rumor when we heard it, but it seems like plans are being made for a new curling rink here, with artificial ice yet. Unofficial word has it that work will start this fall and the playing surface will be ready for action in the fall of next year. Good news, but good!

Must Have Been Our Turn . . .

With harvesting all but completed in this area, we can look back on one of the finest seasons in many a year. The rains came when they were most needed, the sun shone when the crops were in need, the white menace (hail), did not move in in any great quantities to spoil the picture. Thanksgiving Day is being celebrated on October 13th. We should all pause a moment on that date and thank those in charge for the blessings we have received.

And A Friendly Nod To . . .

No one but the provincial highways department. 'Tis not often we throw bouquets in that direction but this time around we have to tip our hat to Mr. Taylor for the fine job done on the entrance road to town from the main highway. We haven't had the pleasure of driving across a better strip of road in many a moon. Now, what goes with those few blocks from the hospital to the railway tracks? Is it to be included in the five-year plan?

Just Another Chuckle . . .

Drill sergeant to rookie: "Wipe that opinion off your face!" Ever run into people you'd like to make that remark to? We have.

HALE, THE HULA-HOOP

Maybe it's because we want to lose weight. Maybe we think the exercise will do the waistline some good. Maybe it offers a challenge that must be met and mastered. Maybe it's for the sheer enjoyment provided.

Whatever the reason the hula hoop has invaded the continent and gripped the public imagination as nothing has since the days of the yo-yo. It seems like a silly pastime. But hundreds of thousands do it. It looks easy. But try it, and if you haven't swivel hips and that "certain rhythm" the hoop will crash with maddening swiftness to the floor. Of course the object of the "game" to the uninitiated is to whirl around the torso with a deft hula wiggle. It's possible thus to defy the law of gravity for seconds or minutes, or we suppose even hours, although there have been no reports to date of a "hoop marathon" to test endurance.

Most children seem to have instinctive co-ordination to conquer the tricky hoop first time off. But how does one explain the miserable failure of the average adult, when he has a try? It is at this stage of life that a grown person allows foolish pride to drive him into practice again and again, until he develops the "swing". Then he shows off his hard-won ability and becomes an unsuspecting follower of the hula craze.

Promoters shrewdly play on human emotions to stimulate sales and their success has been astounding. Soon the hysteria will pass, and the hoop will be placed in limbo. But in the meantime, how does that modern song put it? The hoop was made for all ages "from three to 103".

— The Lacombe Globe

THE BROOKS BULLETIN is of the opinion that . . . the rail unions have the railways by the throat. The firemen's union succeeded in compelling the railways to keep an unnecessary fireman in the cab of the engine at a waste of \$10 million or so a year. The unions involved are now seeking to compel the Canadian National Railway to keep running passenger trains which are losing large sums of money. The unions are not concerned with economics but only with keeping the largest number of their members employed at the highest possible wages.

INNISFAIL BINGO CREW MAKES SPECIAL AWARD

Homer Isaacson of Eckville this week was awarded the special lucky \$12 cash award run in conjunction with the Innisfail and District Curling Club play-at-home car bingo, now well past the halfway mark.

The draw bringing the award to the winner was made under the supervision of officials of the Innisfail and District Curling Club. Major prize in the play-at-home bingo is a new Dodge car, now on display at A and B Motors, Innisfail.

Squirrel Cage . . .

LAFY OF THE WEEK

The guide was explaining the wonders of a volcanic crater in Europe to a group of American tourists. One of them looking over the rim exclaimed, "Wow, it sure is deep and hot. Reminds you of hell, doesn't it?"

The guide shrugged his shoulders and sighed: "You Americans, you've been everywhere."

FISH IMMUNE

A discouraging bit of news for anglers in the autopsy report on a large trout found dead — possibly of old age — in a Wyoming lake. Its stomach was found to contain a large ball of fish line, several swivels, one minnow hook and two lead sinkers, three spinners one regular hooks — mule tokens of many successful encounters with man.

It has been known for some time that Nature is producing strains of bugs largely immune to DDT and other insecticides, as well as germs with high resistance to the new "wonder drug". But if she is also breeding fish immune to fishermen, the outlook is really serious.

WESTCOTT SENIOR W.I. HOLD FALL MEETING

Westcott Senior W.I. met at the home of Mrs. Clarence Rinehart on October 2nd, with nine members and one visitor present. Roll call was answered with a "Canadian import or export."

Mrs. Herbert Gootjen asked to be relieved of her duties as president, because of ill health. Mrs. Raymond Shantz, 1st vice-president, will carry on to the end of 1958.

Mrs. B. Macfarlane gave a paper on "The Making of Cement." Plans were completed to have two quilts made, to be sold in the near future.

Members are reminded that roll call at the next meeting will be "Something new, from something old."

THE
HomemakersBy HELEN HOWARD
District Home Economist

DEAR FRIENDS,

To stuff or not to stuff before
freezing! Authorities say definitely
not to. Home freezers cannot
freeze stuffed poultry quickly
enough to prevent harmful growth
of bacteria. Food poisoning may
result.

Commercially frozen stuffed turkeys
are now available, but these are
frozen under carefully controlled
conditions impossible to duplicate
in the home kitchen. Cook these
turkeys from the frozen state. Follow
wrapper directions carefully.
Stuffed poultry should not be al-
lowed to stand for more than four
hours at room temperature either
before or after roasting.

After stuffed poultry has been
roasted and served, remove stuff-
ing and refrigerate as soon as
possible.

Place left over cooked poultry in
refrigerator immediately. If it is
to be frozen trim or slice meat from
carcass and wrap for freezing.
Left-Over Turkey? Lucky You!
For Mr. Turkey's "second appear-
ance" try these grilled sandwiches.
Warning! Make plenty — they'll
vanish.

Grilled Turkey Salad Sandwich
1 cup chopped cooked turkey
2 tablespoons French dressing
1/2 cup finely chopped celery
1 tablespoon pickle relish
1/2 teaspoon of salt
1/4 cup salad dressing
16 slices bread
Butter or margarine
Place turkey in bowl with French
dressing. Mix lightly and let chill
for about an hour. Combine re-
maining ingredients with turkey.
Place 1/4 cup turkey salad on slice
of bread. Top with another slice
of bread. Spread outside of each
slice of bread with softened but-
ter or margarine. Grill on both
sides in hot skillet.

Giving Thanks
"The custom of saying grace at
meals had, probably, its origin in
the early times of the world, and
the hunter-state of man, when din-
ners were precarious things and a
full meal was something more than
a common blessing." — Charles Lamb

BEGIN TODAY ..
Dream not too much of
what you'll work
tomorrow.
How well you'll work
perhaps another year.
Tomorrow's chance you need
not borrow —
Today is here.

Boast not too much of
mountains you will master.
The while you linger
in the vale below:
To dream is well, but
plodding brings us faster.
To where we go.

Talk not too much about
some new endeavor.
You mean to make
a little later on:
Who idles now will idle
on forever.

Till life is gone.
Swear not some day to break
some habit's fetter.
When this old year is dead
and passed away:
If you have need of living,
Wiser, better,
Begin today! — Anonymous

Notes From D.A.

District Agent
By HOWARD FULCHER

Brucellosis is well known its ef-
fect to produce when it strikes is
disastrous with heavy calf crop
losses. Livestock men are in agree-
ment that it is a threat to their in-
dustry and that calfhood vaccina-
tion is the best safeguard.

This program is the best we know
of today. It necessitates a drive
in the spring and in the fall by
veterinarians to vaccinate all heif-
ers against Brucellosis (Bangs Dis-
ease).

Co-operate with your captain and
have all your heifer calves under
restraint and ready on the date and
at the time the veterinarian is to
arrive. When you do this, the job
can be done quickly and efficiently
without danger to the calves, the
producer or the veterinarian.

This program which requires
handling of the heifer calves can be
difficult for you or can be easily
handled. If you do not have
suitable corrals or chutes, build
same, they need not be expensive
or elaborate. Adequate handling
facilities make the job easy and
eliminate the danger of injury to
yourself or the veterinarian.

Calves should be handled quietly,
avoiding a lot of chasing and the
resulting "heated up" animal. A
chute should be built, a calf chute
15 inches wide and 4 1/2 feet high
is ideal for vaccination and ear
tagging. Some owners have built
a false wall in their present chutes
to cut down the width so calves
can be easily handled. When only
a few calves are to be vaccinated
they can be squeezed with a gate
or crowded in a barn stall. A sat-
isfactory arrangement for a few
calves is to tie them up in the barn
for the veterinarian.

Remember if the vet is held up
at your place he is just that much
late getting to your neighbor and
the inconvenience is multiplied all
the way along.

Above all vaccinate all heifer cal-
ves and be safe from Brucellosis.

o

LIGHT YOUR WAY . . .

... WITH BIBLE STUDY

"Without controversy great is the
mystery of godliness: God was
made manifest in the flesh." Thus,
we speak of Jesus Christ as the
"God-man". But the question ar-
ises: why did He have to be both
God and man?

God made man and placed him
under His law. Man was to keep
that Law perfectly. But, we know
he did not, nor does he today. And
thus, to save man from the conse-
quences of his sin, Jesus came. To
save us. He had to be man so as to
take our place under the law.
"When the fullness of time was
come, God sent his Son, made of
a woman, made under the Law,
to redeem them that were under
the Law." Because man has
failed to keep that Law, he de-
serves death. Jesus also here took
man's place — He died. To die,
He also had to be man: "that
through death He might destroy
him that had the power of death,
that is, the devil."

On the other hand, no man is
able to keep the Law of God. Thus,
as Paul states: "By the obedience
of one shall many be made right-
eous." That one who alone could
keep this Law was Jesus, and to do
this, He had to be true God. He
paid our debt. And in order that
it might be a sufficient ransom for
us all, He had to be true God. Yes,
Jesus died for us, but He also rose
from the dead, and thus gave us a
wonderful victory: "Thanks be to
God, which giveth us the victory
through our Lord Jesus Christ." For
these reasons, He had to be true
God.

How much is man worthy? The
elements that make up our body
could be purchased in a drug store
for about ninety-eight cents. Is
that the worth of man? Definitely
not. Paul states: "Ye are bought
with a price." And that is no less
than the blood and life of Jesus
Christ, Son of God, our Lord and
Savior. In the eyes of God, we are
invaluable. He gave His Son to die
for us that we might have life.
This is the basis of our Christian
faith.

Fire Prevention Week Underway

DON'T LET THIS HAPPEN TO YOU!!!

Check The Fire Hazards . . .

With the inevitable approach of winter and much colder weather, there are some extra thoughts to fire protection. Furnaces will soon be going full blast and fire hazards can be reduced by having them in good operating condition. Among the most common causes of fire in rural Canadian homes are those originating from cooking and heating equipment.

Fire insurance companies list the following as frequent causes of farm fires: chimneys of sub-standard construction; sparks from dirty chimneys; faulty smoke pipes and poor installations; seasonal grass and brush fires; spontaneous ignition of hay; worn-out shingle roofs; lighted lanterns; mis-use of electrical equipment; threshing or other operations with gasoline powered engines; matches, or smoking in barns or other farm buildings, and finally, lightning.

Most fires originating from this list could be prevented by checking on faulty equipment, for the time to prevent a fire is before it starts. Chimney and smoke pipes can be inspected and cleaned and repaired where necessary; gasoline can be stored away from main buildings; oily rags need not be

SCHOOL AND INSTITUTION LOSSES HIGH IN '57

Although the general feeling at times seems to be a "this can't happen in our school" attitude, it should be pointed out that according to figures recently published by the Alberta Fire Commissioner in his annual report, 20 fires occurred in school and institutional buildings in the year 1957. The loss in these buildings reached a total of \$296,013 for 1957.

left lying about. Even lightning can be guarded against by arrester.

An excellent fire prevention on a farm is a roof ladder. Keep a few buckets of water ready for use and a number of water barrels at suitable points as an added precaution. But they are worse than useless if the water is frozen solid should an emergency arise, so it's wise to choose a relatively warm place.

A reliable fire extinguisher is also a good investment, particularly if suitable to handle grease and gasoline fires. It will often be enough to scotch an incipient fire and prevent disaster.

RURAL SCHOOLS . . . THEN AND NOW.

The passing of the little red school house fills most of us with sentiments bordering on nostalgia.

If only we could sit again on the splintered seat of that lovingly initiated desk, our scrubbed young faces virtuously turned on teacher as we readied our inkwell for another dunking of Little Horntoe's shining pigtail!

Or huddle again around the wood furnace, whose eccentricities during the winter months took more out of teacher than the toughest kid in school.

And teacher herself! How fondly we think of the Miss Smiths, Miss Joneses, Miss Browns whose pretty faces and stifled ways annually won our hearts.

Yet the funny thing about life in the little red school house was that, when the bell rang, we were only too happy to leave it!

Today, freeing themselves from sentiment, most parents welcome the fact that Alberta's little red school houses are being replaced by well-equipped modern schools.

Centralization of school facilities in recent years has enabled school districts to provide the most modern buildings and facilities, even in the outlying rural areas.

With centralization has come another familiar sight — the yellow-colored school bus. But new schools and modern transportation facilities are also taking their stride by today's youngsters — who, when you take a close look — haven't changed much from those who attended the little red school houses!

tips for a TRADITIONAL THANKSGIVING

by Evelyn Erdman,
Home Service Director.

Thanksgiving will soon be here - a day of memories for the family. Familiar foods help to bring back the ways and days we knew, so turkey and the trimmings will have first place on most tables. One thing we've discovered in recent years: turkeys have more admirable figures than they once did. They fit in the roaster better and often cook tender in less time. So be on the watch or your bird may be too overdue for carving. Here's a turkey dressing that will delight your family - and a few more ideas for your Thanksgiving table.

COLONY WALNUT DRESSING

Cook in one cup boiling water until tender the giblets from 1 turkey, 1 onion, sliced, and 1 bay leaf. Remove bay leaf, drain giblets and chop finely. Remove crusts, then break ½ lb. dry bread into crumbs. Combine ingredients with 1 tsp. salt, 2 tsp. poultry seasoning or sage, 2 cups chopped walnuts, 4 tbsp. fat, melted. Toss together lightly. Moisten with giblet stock. Quantity will fill 12-14 lb. turkey.

Cranberry Salad Ring

2 cups cranberries
1 cup sugar
1 tsp. unflavored gelatin
1 tsp. salt
1 cup chopped pecans
2 cup dried celery
Wash cranberries, then cook 10 minutes in 1 cup cold water. Add sugar, cook for 5 minutes. Soften gelatin in 1 cup cold water and dissolve in hot cranberries. Add salt and chill until mixture begins to thicken. Add pecans and celery; mix thoroughly. Pour into oiled ring mold and

chill in your Gas refrigerator until ready to use. Unmold on large salad plate. Garnish with lettuce, orange slices and apple wedges as desired.

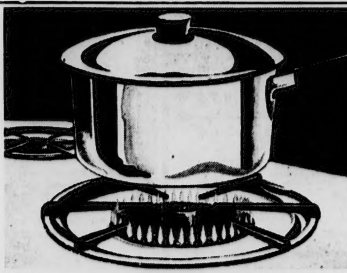

PILGRIM PUMPKIN PIE

1 cup confectioner's sugar
1 tsp. cinnamon
1 tsp. ginger
1/8 tsp. salt
3 egg yolks, slightly beaten
1½ cups mashed cooked pumpkin
3 whole whites, stiffly beaten
2/3 cup heavy cream, whipped.

Combine ingredients and cook over boiling water until thickened. Fold in egg whites. Pour in cream. Pour into refrigerator tray and freeze. When ready to serve, pack into pie shell of favorite pastry or vanilla wafer crumbs. Serve at once.

FROZEN FRUIT JUICE APPETIZER

Combine sweetened grapefruit, pineapple and orange juices and freeze in refrigerator tray for 1 hour, stirring every 20 minutes. Mixture may be left in tray until ready to serve.

WHO'S WATCHING THE POT?

The "burner with a brain" is! While the pot bubbles on the range, the housewife can attend to her homemaking... both the baby... or even go shopping. No fear of food burning or boiling over... no running to the range to turn burners up or down. The "burner with a brain" has a remarkable sensing element which feels the heat of the pot or pan and regulates the flame automatically! You can cook the best fast bacon, keep the supper warm for serving, bake a cake on the top of the range - and forget about pot watching! Important... this is not a forecast of a future cooking miracle. It's one of the "miracle features" you get now with a modern, fully automatic GAS range! And only on gas ranges do you have your top burner control graduated in degrees of heat - for completely accurate settings.

GAS IS YOUR BEST HOUSEHOLD BARGAIN

Keeping you warm is only one of the many jobs that gas does better - for less! Have you ever stopped to count them all?
House Heating
Cooking
Water Heating
Refrigeration
Incineration
Clothes Drying
... all done automatically by gas.
As for the low cost of "letting gas do it," here's an example: a gas dryer will dry an average family's wash for as little as 13¢ a month! How many jobs around your house are being done better by gas? The more you use the more you realize that GAS IS YOUR BEST HOUSEHOLD BARGAIN!

FILTER-CHECK YOUR FURNACE NOW!

To prepare your furnace for the big job it will do this winter - better check your filters now!
If yours is a permanent filter, we suggest you clean it before the cold weather sets in.
If you have a "disposable" filter, replace it at the beginning of the winter season if it is loaded with dirt.
The fan motor on your furnace will need attention too. Has it been checked and lubricated lately?
If you do not wish to check and maintain your furnace yourself, your gas filter or heating equipment dealer will do it for you at a reasonable cost. Remember... a "fall furnace check" now is your best assurance of utmost fuel savings - and a warm, trouble-free winter!

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

Students from Oregon and Washington have arrived on the campus. We are happy to see them coming and before this article goes to press many more will be in our midst. The students of Mountain View always express a deep desire to return during the summer months and they evidence that eagerness as they come on campus.

Rev. and Mrs. Auburn Witt have taken up residence on the campus for the winter months. They will make a real contribution to the life and the full educational standards of the college as they take their places in the class rooms and the social life of the college. Their little son, Cameron, is also among us.

Mrs. Florence Finlay, a veteran missionary, who has spent some 40 years in Nigeria, West Africa, is a guest on campus at present. She is helping staff the school during the opening days until the dean of women arrives to take her place.

Mr. and Mrs. McCord of Portland, Ore., have brought their two young people to the college. Michael and Cathy have already set up their personal effects in their rooms, and we know they will be at home among us.

Mr. and Mrs. Peter Waldin have had a wonderful vacation this fall before he enters again on his duties here as professor. They visited in Arizona and took the plane to Mexico City as well.

Six young married couples are on campus this winter. Mr. and Mrs. Clifford Reimer and Mr. and Mrs. Clifford Stauffer are preparing their apartments for occupation. The other four couples were here last winter.

Mr. and Mrs. Lavern Traub have taken up residence just across the road from the college. Lavern will take college students for piano and expects to be very busy. He already has a number of students from the community.

President and Mrs. Taylor entertained Mr. and Mrs. Paul Lancaster and family of Calgary for dinner on Sunday. Mrs. Lancaster is a sister of the president.

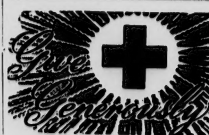

The many friends who helped to clean the college during the past days surely are worthy of our most sincere thanks. Those who have brought vegetables are also in this category. Phone calls have been received from people we have never met, saying they have come to donate. All of these things help us keep down the cost of living here on the campus and makes it possible to help young people through school.

CARSTAIRS STUDENTS
WIN BURSARIES

Winners of the J. L. Owens bursaries this year are Miss Wendy Edmondson and Miss Cheryl Owens, both recent graduates of the Carstairs high school. Miss Edmondson is registered in the first year of the Standard 8 program and Miss Owens in the Junior E program in the Faculty of Education of the Calgary branch of the University of Alberta.

The J. L. Owens bursaries, in aid of teacher recruitment, are granted to the two students registered in the Faculty of Education, who secured the highest standings in English 30, Social Studies 30, and one other examination subject, and who are resident in the Didsbury constituency.

The bursaries are of \$75 and \$50 and will be presented shortly at a function in the Carstairs school.

OREMONA NEWS

(From Our Own Correspondent)

Mr. and Mrs. Charlie Bird took Mr. and Mrs. R. Bird to Blackie on Sunday. The latter couple plan to spend a week visiting at that point. The local W.A. met at the home of Mrs. A. Reid last Friday. It was decided to furnish one of the bedrooms in the new manse at Carstairs and plans were made to cater for a wedding reception on the 24th of the month.

Congratulations are extended to Mr. and Mrs. Robert Simpson on the birth of a son, Kenneth George, born September 27th; and to Mr. and Mrs. Eddie Adams (Darlene Haley), on the birth of a son, on Monday, Sept. 29th.

Two bake sales were held at the school last week. The first was held on Wednesday by the grade 7 room, and the second on Friday by the grade 5 room. The proceeds of the first went to the Junior Red Cross, and totalled \$14.65; the second went also to the Junior Red Cross and totalled over \$30.

Threshing is almost completed in this district and many say it is almost a record for early harvesting operations.

A shower for Miss Phyllis Bouck, was held in the Big Prairie school on Saturday evening.

It was a privilege to participate in the Communion service held in conjunction with World Communion on Sunday. A beautiful crocheted Communion cloth, worked by Mrs. Van Haften, was dedicated on Sunday, October 5th, at the United church.

Safety First . . .

With the opening of another school term, it behooves motorists to pay special attention to children around school grounds. There is a great concentration of young boys and girls at recess, and during the hours immediately before and after school. Limited speeds in these areas help, but from experience most drivers know how quickly children at play can dart out from the sidewalk into the line of traffic. Parents can do a great deal by teaching rules of the road to children early in life. The All-Canada Insurance Federation offers the following safety suggestions to parents and drivers:

1. Start early to teach children the recognized rules and habits of safety.

2. Children are quick to follow examples set by older people, so set a good example yourself by obeying the traffic and pedestrian rules.

3. Teach small children to cross streets only at stoplights, or where special crossing guards are on duty.

4. Always encourage children to play full use of school yards or playgrounds rather than play in the street.

5. Campaign for school crossing guards in your community.

6. When driving, watch out for school and playground areas, slow down always.

7. Watch carefully for children in the morning at noon, and when schools are let out for the day.

8. Don't pass a stopped school bus from either side; wait until the bus has closed its doors and started up again.

9. Always give a child the right-of-way.
